Lot 1

Lot Details

Donor: TJB Anissa 913U 149X

Donor Registration: AMGV1181350

Sire: TJB 914U Sandhills 4120C

Sire Registration: AMGV1343272

Comments: Starting the embryo sale will be 149X. She has created quite a stir for us this year and fortunately she flushes very well. As stated in the last sale, we believe these 4120C progeny will be phenomenal. He is an extremely balanced individual with two full sibs that are incredible(4101C & 4103C).

Donor: TJB Anissa 913U 149X

Donor Registration: AMGV1181350

Sire: TJB Masterpiece 138L

Sire Registration: AMGV749379

Comments: These 149X embryos are sired by TJB Masterpiece 138L. Had Masterpiece come along in a different time, he would have been one of the most popular sires.

When he was produced, red bulls were almost unmarketable. He has done great things in our program. The full sib heifer to these embryos was the high selling individual in the sale going to Dyer Farms. We expect her bull mates to be a highlight in the upcoming sale in November.

Donor: TJB Anissa 913U 149X

Donor Registration: AMGV1181350

Sire: XXB Classic

Sire Registration: AMGV1357203

Comments: These embryos were so well accepted in the first sale we decided to make some more. I would really look for some exciting cherry red calves from this mating. Of course a great black one might be in the cards!

Lot 7

Lot Details

Donor: TJB Anissa 913U 149X

Donor Registration: AMGV1181350

Sire: First Impression

Sire Registration: AMGV979814

Comments: We are going to give everybody a chance to buy into 149X genetics affordably today. First Impression is a bull not well known but we have produced some very good daughters in our herd today. We are selling some full brother sibs to these embryos and they are stout made individuals and very moderate. Bulls pictured are the full sibs.

Lot 8

Lot Details

Donor: TJB Anissa 337M-ET

Donor Registration: AMGV860733

Sire: SAV Rain Dance

Sire Registration: AMAN1857896

Comments: These embryos require little introduction as the dam, 337M has become well known for her great females in production. Capitalize with the chance to make heifers with these sexed heifer IVF embryos. Guarantee is 2 pregnancies.

IVF Embryos: Yes

Lot 10

Lot Details

Donor: TJB Anissa 913U-ET

Donor Registration: AMGV1105259

Sire: DLW Dalhart

Sire Registration: AMGV1358450

Comments: 913U has just calved and age only makes her better. She is pictured here last month at 10 years old. She is much like her illustrious dam 337M, as her udder remains flawless with age. We are getting our first Dalhart calves on the ground this fall. I think he will work.

Lot 11

Lot Details

Donor: TJB Anissa 921U-ET

Donor Registration: AMGV1105261

Sire: Blues Impact

Sire Registration: AMGV117716

Comments: You will have the unique opportunity to use Green Hills very successful Blues Impact with some of our most proven donors in this sale. 921U has been a consistent female here for years along with her full sister, 913U.

Lot 12

Lot Details

Donor: TJB Anissa 921U-ET

Donor Registration: AMGV1105261

Sire: CTR Sandhills 0065X

Sire Registration: AMGV1189131

Comments: This is a proven winner for us. There are 3 full sib females to these embryos and they are special. Little risk involved with this purchase. Pictured in this sequence is 495B(One of the 921U/0065X daughters)

Lot 13

Lot Details

Donor: TJB Anissa 921U-ET

Donor Registration: AMG1105261

Sire: SLC Viper 7E

Sire Registration: CDGV163774

Comments: Welcome to your chance to acquire genetics on the Severtson bull that took Denver by storm selling for \$66,000. You will be at the beginning of this opportunity with not much investment.

Lot 15

Lot Details

Donor: TJB Blackbird 827T 410B-ET

Donor Registration: AMG1298840

Sire: TAU Outright

Sire Registration: AMG1256437

Comments: I have been telling people we had a good one in 410B. The impact becomes clear when the great picture is made or you get the chance to see this girl in production. What a beautiful female and a spectacular udder. I think if you come here to see cattle, our red donor cattle will surely catch your eye. She just calved and we will be offering more embryos in the future.

Lot 16

Lot Details

Donor: TJB Blackcap 130X 558C

Donor Registration: AMG1351883

Sire: EGL Round House

Sire Registration: AMG1296227

Comments: 558C entered the donor group last fall and I

think the picture will tell you why. Our Vickram daughters were really good as 2 year olds. We sure like their type and udder quality. We have a calf from this mating currently on the ground. Don't be afraid to take chances on our young donors. They won't get flushed without good reason.

Lot 17

Lot Details

Donor: TJB Erica 103X-ET

Donor Registration: AMGV1181359

Sire: JKGF Ditka C85

Sire Registration: AMGV1322576

Comments: The video is of the Angus dam of 103X. We have only taken a calf picture of 103X but she has been very productive here and actually sold a \$7300 bull in 2014. The Ditka calves have had loads of performance and he injects quality EPD's.

Lot 18

Lot Details

Donor: TAU Blackcap B042 823T-ET

Donor Registration: AMGV1066297

Sire: SLC Viper 7E

Sire Registration: CDGV163774

Comments: We are entering several sets of embryos by 823T. This is a donor that obviously has flushed well and you can choose from several different matings. Her calves are always marketable. She has sold several sons to highlight our bull sales including 2017 high selling bull to Hadden Ranch. Buy these with confidence that your product will work!

Donor: TJB Velvet 137X-ET

Donor Registration: AMGV1181344

Sire: DLW Dalhart 1209D

Sire Registration: AMGV1358450

Comments: 137X is a full sister to 912U and 348Z. As 912U has about reached the end of her production, look for more influence from these 2 sisters. We recently sold an Xterminator daughter to C&T Farms in Tennessee and expect to see great things from her. She is an awfully powerful female.
